### **Hazards To Be Aware Of (Steam Locomotives)**

Steam locomotives cabs are a hot and noisy environment. Many of the fixtures and fittings on the boiler are very hot. There may be minor steam leaks and there is limited space to maintain a safe distance from the hot surfaces, so this experience will only be available to participant and no guests will be allowed due to the limited room on steam locomotive footplate.

Participants must wear stout shoes or boots (safety shoes / boots) and avoid wearing polyester or nylon trousers. Gloves are provided for participants to wear on the footplate of steam locomotives. Please note: steam locomotive cabs can be dirty environments, so it is advised not to wear your best clothes.

## **Alcohol & Drugs**

Participants and guests must not attend under the influence of alcohol or any drugs which may affect vigilance, stability, awareness, whether medically prescribed or not, or consume before undertaking a taster driver experience course. Our staff will refuse access to participants if they feel you are under the influence of alcohol or drugs.

## **Mobile Phones / Photographic Equipment**

When the locomotive is in motion, participants are prohibited from using mobile telephones, interactive mobile devices and photographic equipment whilst driving or firing. Opportunities for photographs on the footplate are available once the locomotive has come to a stand and secured by the crew.
